POWERCHURCH SOFTWARE

Custom Report Writer Tutorial

Learn how to create your own reports quickly and easily

Can't find that one unique report that meets your reporting needs? **Why not create your own?** The ability to create custom reports is **already** available to you in PowerChurch Plus. Maybe you've never ventured into this part of the program and would like to learn what is available. Or, maybe you've already tried to create a custom report and were overwhelmed with the many options available.

Help is here! We have prepared a new **interactive multimedia CD tutorial** that walks you through the process of creating your own specialized reports in version 7 and above. And, even if you have created your own basic reports, this tutorial will introduce you to the intermediate and advanced features of the report writer.

The Custom Report Writer Tutorial will introduce you to the basics of report design and gradually build up to more advanced topics. Presented in **21 easy-to-follow** lessons, each section concludes with a printable workbook that outlines concepts covered in that lesson. By the end of the tutorial, you'll have a **complete workbook** to refer back to as you create your own custom reports. **Work at your own pace**, a few chapters at a time, even going back and reviewing chapters before moving on. Regardless, by the end of the tutorial you'll be familiar enough with the report writer to **begin creating your own reports**.

With this tutorial you'll learn:

- The basic parts of a custom report
- What a query, is and how filters work
- How to create a report with columns
- How to include pictures on a report
- How to use the report writer to print on envelopes
- **And much more!**

Don't wait! Order your copy **today** and start learning how to design your own custom reports. The Custom Report Writer Tutorial is **only \$39.95**. To order, use the order form below or call **800-486-1800**. If you are not satisfied for any reason, you are protected by our **30-day money back guarantee**.
