

Custom Report Writer Tutorial Now Available!

Can't find that one unique report that meets your reporting needs? Why not create your own? The ability to create custom reports is *already* available to you in PowerChurch Plus. Maybe you've never ventured into this part of the program and would like to learn what is available. Or, maybe you've already tried to create a report and were overwhelmed with the many options available. **Help is here!**

We have designed a new interactive multimedia CD tutorial that walks you through the process of creating your own specialized reports in PowerChurch Plus 7 and above.

Easy-to-follow

The Custom Report Writer Tutorial will introduce you to the basics of report design and gradually build up to more advanced topics. Presented in 21 easy-to-follow lessons, each section concludes with a printable workbook that outlines concepts covered in that lesson. By the end of the tutorial, you'll have a complete workbook to refer back to you as you create your own custom reports.

Work at your own pace

You can work on a few chapters at a time, even going back and reviewing chapters before moving on. Regardless, by the end of the tutorial you'll be familiar enough with the report writer to begin creating your own reports. Even if you have created your own basic reports, this tutorial will introduce you to the intermediate and advanced features of the report writer.

With this tutorial you'll learn:

- The basic parts of a custom report
- What a query is and how filters work
- How to create a report with columns
- How to include pictures on a report
- How to use the report writer to print on envelopes

That's just the beginning. Why not take a test-drive? To learn more about creating your own custom reports, download and view the Custom Report Writer Tutorial Preview from the [product page](#).

Unlock the power of the Custom Report Writer for only \$39.95! Ready to order? Give us a call at (800) 486-1800 or order online at <http://www.powerchurch.com/catalog>.
